

ASHWANTH A

Java Backend Developer | Spring Boot | REST APIs

ashwanthashu133@gmail.com • +91 80565 11486 • github.com/Ashwanth133 • linkedin.com/in/ashwanth133 • Portfolio

Summary

Final-year Computer Science Engineering student specializing in Java and Spring Boot backend development, with hands-on experience designing, building, and deploying REST APIs. Solved 500+ LeetCode problems, reflecting strong command of Data Structures, Algorithms, and problem-solving. Shortlisted for an Infynd internship assessment after completing a 36-hour national-level hackathon.

Projects

API Key Management

Spring Boot, REST API, PostgreSQL

- Developed a scalable RESTful backend using Spring Boot with a clean service-layer architecture, separating controller, service, and data-access responsibilities.
- Built REST APIs for fact retrieval and QR code generation with structured JSON request/response handling.

Online Voting System

MERN Stack, TypeScript

- Developed a full-stack voting platform with the MERN stack and TypeScript, covering both frontend and backend.
- Implemented authentication and role-based access control to separate admin and voter permissions.
- Built candidate management and real-time vote handling so results update as votes are cast.

Gym Management Website

Java Servlet, JDBC, MySQL

- Created a Java web application using Servlets with JDBC integration to MySQL for persistent data storage.
- Implemented user authentication and full CRUD operations for managing gym members and records.

Skills

Programming Languages: Java, Python (Basic)

Backend Development: Spring Boot, RESTful APIs, JDBC

Frontend: HTML, CSS

Databases: MySQL, PostgreSQL, Database Design

Tools: Git, GitHub, Postman

CS Fundamentals: Data Structures & Algorithms, OOP, Database Management

Software Skills: Debugging, API Development

Education

Nandha Engineering College

2023 – 2027

B.E. Computer Science and Engineering | CGPA: 8.1

Erode, Tamil Nadu

Government Higher Secondary School

Higher Secondary | Percentage: 80%

Avalpoondurai, Erode, Tamil Nadu

Internship / Training

Full Stack Web Development Training — W3 App Developers

Jun 2025 – Jul 2025

- Gained hands-on experience in frontend and backend development, working on real-world projects.

Certifications

- JAVA Certification in Hackerrank

Achievements

- Shortlisted for an Infynd internship assessment after successfully completing a 36-hour national-level hackathon, competing against a large national field of participants.
